

Monthly Boosting Brief

October 2026

This month's brief tells you what our **Meta** and **TikTok** paid teams are pulling for boost. Same creative bar on both: vertical, native, product-forward video — **not** sale-code or promo-led ads.

Platform priorities

● Meta

EARLY OCTOBER

- **Fall & Halloween** — decor, porch, dining, cozy layers; product in the first 3 sec

MID-LATE OCTOBER

- **Holiday preview** — trees, trim, guest-ready rooms, entertaining

ALL MONTH

● TikTok

- **Pet** — pet + product visible; beds, washable rugs, pet-friendly furniture
- **Sideboards** — styled dining, entry, or living; in use, not unbox-only
- **Halloween** — livable at-home styling; strong opening hook
- **Wayfair Verified** — feature Verified items; show badge when applicable

What to know about selection

- 1** We get **more eligible posts than we can boost**. October picks follow the Meta and TikTok lists on page 1, plus creative fit and a mix of styles and price points.
- 2** **Eligible ≠ guaranteed**. Matching this brief raises your odds when your category is in priority — it's what Paid is actively pulling.
- 3** **Meta vs TikTok themes** differ; creative standards are the same. Film for the platform you're targeting when you can.
- 4** **Evergreen over promo**. Seasonal mood is fine; codes and limited-time offer graphics aren't our main boost pool.
- 5** **Linking issues?** Use your creator link in caption/bio and mention it on video if stickers fail.

From your September survey: clearer monthly direction was the #1 ask — **12 of 17** creators said more guidance would help them post consistently. This brief is that shared direction (updated each month).
