

October Boosting Brief

What we're looking for on Meta & TikTok this month — plus how to make your reels boost-ready.

What we're boosting this month

We boost **native creator video** (15–45 sec, vertical) that could run as a paid ad. Seasonal *vibes* are great — sale codes and promo-heavy creative are not our main pool.

Meta

Early October — Keep leaning into **fall & Halloween** (carryover from September batch).

Mid-late October — Add **holiday preview** (trees, trim, entertaining, guest-ready spaces).

All month — **Evergreen** in-room, in-use stories (any category).

Priority themes we're pulling for paid boost:

- Pet** — pet-friendly furniture, beds, washable rugs, storage; pet + product clearly in frame
- Sideboards** — styled dining / entry / living; product in use, not unbox-only
- Halloween** — livable, styled at-home (product visible early)
- Wayfair Verified** — feature Verified products when you can; call out the badge on applicable items

WAYFAIR VERIFIED

Hook in 1–3 seconds. Show the Wayfair product early, in a real styled space, with you on camera or hands-on. Captions on — many people watch with sound off.

Ideas by moment (not a shot list)

Theme	Film this
Fall refresh	Throws, rugs, lighting, entryway, porch
Holiday preview	Tree setup, guest room, entertaining, giftable accents
Evergreen	Office, storage, bed & bath, outdoor living
Inspiration	Fall nesting, hosting prep, Way Day projects — <i>without</i> sale copy

Boost-friendly creative

Must have	Details
Format	Vertical video · 15–45 seconds · Reels / TikTok (not carousels for paid boost)
Product	Clear Wayfair item, shown in use in a lived-in space
Creator	Face-to-camera, hands-on, or POV
Pacing	Brisk, easy to follow; hold shots long enough to see detail
Text	Simple, readable captions — no tiny or decorative fonts

Great fits

- Product in room + in use
- Clear story: problem → product → benefit
- Bright, native, creator tone

Usually skipped

- Unboxing only
- Hard-to-read overlays / AI-looking footage
- Unclear which Wayfair product is featured

Selection & your voice

We receive more eligible posts than we can boost. October picks follow the **Meta** and **TikTok** priorities above, plus creative fit and a mix of styles and price points. Posting eligible content doesn’t guarantee boost — but matching this brief is what Paid teams are pulling right now.

From your September survey: clearer guidance helps — **12 of 17** creators said more direction would increase posting. This brief is that shared direction.

Your October checklist

- ✓ Film 1–2 **fall / Halloween** reels (Meta) — product in the first 3 seconds
- ✓ Try a **TikTok priority**: pet, sideboard styling, Halloween, or **Wayfair Verified** product
- ✓ Mid–late month: 1–2 **holiday preview** pieces (evergreen tone, no promo codes)
- ✓ Keep shipping **evergreen in-use** room content anytime
- ✓ **15–45 sec** · vertical · captioned · you on camera or hands-on
