

Boosting Partnership Compensation & tiers

PROGRAM OVERVIEW

The **Boosting Partnership (WBP)** pays creators when eligible content is selected for paid boost on Meta and TikTok. Your **tier** sets base rates, extras, and program perks. **Monthly briefs** and **town halls** share what Paid is pulling that month so you can align posts with boost priorities.

COMPENSATION AT A GLANCE

Tier	Initial boost (first selected post)	Each additional boost (same calendar month)	Tier perks
Entry	\$100	\$50 each	Monthly boosting brief · Creator town halls
Tier 2	\$150	\$50 each	\$25–\$50 bonus on selected posts · Category product gifting when a brief calls for it (e.g. sideboards for a TikTok push)
Tier 3	\$200	\$75 each	@wayfaircreators link exposure on selected boosts · Highlighted creator each month · Program competitions when offered

“Initial” = first eligible post selected for paid boost in that calendar month; “additional” = each further eligible selection in the same month. Bonuses and gifting apply only when noted for a given boost or brief.

WHAT EACH TIER INCLUDES

Entry

- Core boost pay: **\$100** first selection / **\$50** additional per month
- **Monthly boosting brief** (email) with Meta & TikTok priorities
- Access to **Creator town halls**

Tier 2

- Higher base: **\$150** initial / **\$50** additional per month
- **\$25–\$50 bonus** on selected content (when applicable)
- **Category gifting** for briefed needs — product seeded in the relevant category when the monthly brief asks for specific content (e.g. sideboards, pet, holiday)

Tier 3

- Top base: **\$200** initial / **\$75** additional per month
- **@wayfaircreators** exposure for selected boosted posts
- **Monthly highlight** in program comms
- Invited to **competitions** and special challenges when the program runs them

HOW IT WORKS

- **Selection ≠ payment until boost runs.** Pay follows program rules when your post is selected and boosted.
- **Align with the monthly brief** to improve fit when your category is in the Paid priority pool.
- **Category gifting (Tier 2+)** is tied to active brief needs — not every post; team coordinates when a category push is live.
- **Bonuses (Tier 2+)** apply only on designated selected content.
- **Tier 3 visibility** — featured posts and monthly highlight are chosen from boosted content that meets creative and brand standards.
