

October Boosting Brief

Align with Paid priorities on Meta & TikTok. Native vertical video, 15–45 sec — not promo-led ads.

META — OCTOBER

When	Priority
Early Oct	Fall & Halloween — product in first 3 sec
Mid-late Oct	Holiday preview — trees, guest-ready, entertaining
All month	Evergreen in-room, in-use

STORY STRUCTURE

Problem → product → benefit → soft CTA (one arc, no filler)

Match October themes above — native in-room stories

IDEAS TO FILM

- Fall refresh, porch, Halloween-at-home
- Holiday preview, guest room, entertaining

CORE VIDEO CRITERIA

We boost creator-native vertical video: informal tone, bright clear footage, styled lived-in space; product visible early and in use (not unbox-only); brisk pacing; simple readable on-screen text. Seasonal/GTM moments OK; mainly evergreen, not promo-specific creative.

We usually pass on carousels, commercial-style ads, unbox-only/unclear product, weak hooks, no creator presence, chaotic or dark footage, decorative text, and sale/code/LTO-led videos.

- Gifting / links: use program email + creator link if Reels stickers fail.
- Pinterest not in paid boost pool; vertical Meta/TikTok video is.
