

OCTOBER OVERVIEW

Align posts with what Paid is pulling **this month**:

- **Meta (early Oct)**: fall & Halloween — product in the first 3 seconds
- **Meta (mid-late Oct)**: holiday preview — trees, guest-ready, entertaining
- **TikTok**: pet, sideboards, Halloween, Wayfair Verified
- **Both**: evergreen in-room, in-use stories all month

META PRIORITIES

When	Film
Early Oct	Fall & Halloween decor, porch, dining, livable spooky-neutral styling
Mid-late Oct	Holiday preview: trees, trim, guest rooms, entertaining setups
All month	Evergreen any category — office, bath, outdoor, storage, seating

- **Sound-off**: simple on-screen text; readable fonts; on screen long enough
- **Hashtags**: #WayfairCreator + #wayfairelevate · #ad when required
- Creator link in caption/bio if product stickers fail

CORE VIDEO CRITERIA

We boost creator-native vertical video — informal tone, bright clear footage, styled lived-in space. Product visible early and **in use** (not unbox-only) with one clear benefit. Brisk pacing, purposeful cuts; hold shots long enough to see the product. Seasonal/GTM moments are fine; we mainly boost **evergreen** stories, not promo-specific creative (sales, codes, limited-time offers).

We usually pass on carousels, commercial-style ads, unboxing-only or unclear product, weak/late hooks, missing creator presence, dark or chaotic footage, decorative/hard-to-read on-screen text, and videos led by sales, codes, or LTO offers.

SELECTION NOTE

We receive more eligible posts than we can boost. October picks follow the priorities above plus creative fit. Posting eligible content does not guarantee boost. Sept survey: **12 of 17** creators asked for clearer monthly guidance — this brief is that guidance.
